A.A. is BACK!

The St. Lawrence Catholic Campus Center is bringing Alcoholics Anonymous back to KU, allowing students and other Lawrence locals to come together and solve their drinking problems.

What is A.A.?

- Alcoholics Anonymous (A.A.) is a national fellowship program made to help people solve their drinking problems.
- A.A. lays out 12 steps for people to follow as a guide to recover from alcoholism.

Why is it important?

- Alcoholism can affect anyone and everyone, and it is important to know that you're not alone in your struggle.
- Obtaining sobriety is easier when people depend on each other and connect with one another.
